## 1. INTRODUCTION

The Conference Proceedings published as a book or a special issue of a journal will be produced directly from the camera-ready manuscripts received from authors. Our goal is to obtain, as closely as possible, the same appearance for all papers. These instructions have been prepared in the preferred format. You should prepare your paper as closely as possible to this example.

The final page size for the Proceedings is A4 (21 x 29.7 cm) . The text area will be 6.3 x 9.5 inches (16 cm x 24.2 cm). The top margin is 3 cm with the bottom and side margins at 2.5 cm each. Figure 1 shows these final dimensions.

Times New Roman font (or a similar serif font) should be used for the entire manuscript. Font sizes/formats should be as follows:

**Title:** Times New Roman Font, Size 12pt, All Cap, Bold Face

**Author Name:** Times Roman, 11 pt

**Section Headings:** Times New Roman, 11pt, All Cap, Bold Face

**Body Text/References:** Times Roman, 11pt, Justified

**Figure Captions:** Times Roman, 11pt, Bold Face

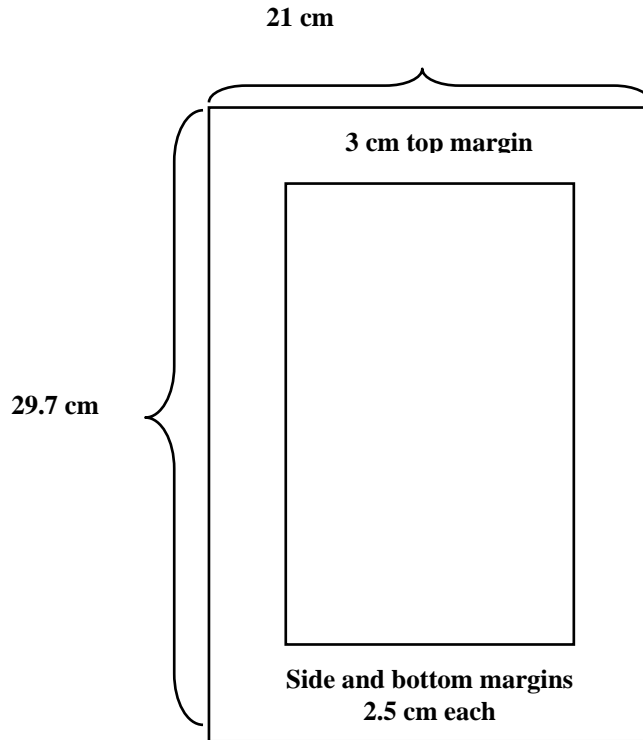

Text should be fully justified and single-spaced. Title and section headings should align on the left-hand margin. Place a full page of text and figures on each page.
